 - 3. Director's Report:**

Statistics: Anne Mannisto reported that circulation for May was down by 24.7%, partly due to the migration to the new library system CARL. We were closed one extra day in the month of May, as compared to last year, due to the migration. MELCAT, for interlibrary loans, will not be available until September. Downloads were down 4.1% overall and database usage was also down for the month.

Programs: Anne reported that Summer Reading registration began on June 15. Youth had 398 kids sign up the first week. Adult has 201 registrants and Teen has 148 signed up. Youth had six programs with 499 attending. Teen had four programs with total attendance of 101. There were twelve teens at the June Teen Advisory Board meeting.

Facility: Anne reported that we received a check from insurance for \$15,720 for the repairs due to the drinking fountain leaking incident. We will be replacing the old drinking fountains, which have been turned off since the incident. The Library gutters and downspouts were cleaned out in May, but one downspout near the construction area continued to leak. The roofing company has been out to look at it and will repair the crack found in the downspout. We received an estimate from Advanced Building Group for replacement of the exterior wood soffits in the amount of \$21,256. **MOTION:** Mike DeFrancesco made a motion to proceed with the contract with Advanced Building Group for \$21,256 for soffit repair and refinishing. Jean Hansen seconded the motion. Motion passed. Anne reported that we continue to work on the reorganization of the lower level staff workroom with Library Design. Staff members will visit the furniture showroom to view the furniture choices. We will order the furniture in July.

Jim Morché reported that the Friends will have a program on July 24 entitled Challenges of the Aging Process on Your Eyes.

ADA Complaint: On Friday, June 15 the Library had a mediation meeting with the patron, Karen Greenwald, who submitted an ADA complaint. Also present were Alan Somershoe, our attorney Lizzie Mills, and Mr. Scharff, a representative from the U.S. Department of Education Office of Civil Rights, under which the complaint was made. A resolution was reached whereby the Library agreed to set aside two chairs, in the front and in the back of the meeting room, along with space for a service animal. We have also posted a flyer at the entrance and inside the building stating that we welcome service animals. Anne read the letter written by Mr. Scharff outlining the agreement that was made, and stating that the case was closed as of the day of the mediation meeting. However, Ms. Greenwald has since made a negative posting about the Library on the Facebook page of Indivisible Northville. Alan Somershoe asked Anne to notify the City of Northville Senior Center of the ADA issue as well as the agreement the Library made.

Rep. Jeff Noble: Anne reported that State Rep. Jeff Noble, who represents District 20, which includes Plymouth and Northville, advised the Library that we will receive \$81,000 of special funding from the State of Michigan that we will use to offset the cost of the new conference room and furnishings. The Plymouth Library is also getting special funding of \$96,000. There will be a meeting and presentation next week on Thursday at the Plymouth Library.

Miscellaneous: The State of Michigan purchased a United for Libraries statewide membership. This will allow the Board to log onto their website and access all of the information they have available for Trustees. Anne gave the Board the log-in information. Anne reported that the Youth Department worked with a local Girl Scout troop to develop a suggestion box for the Youth area, as well as shelf tabs for Youth series books. The troop wrote a thank you note to the Library. They received a Bronze Award for their work.
