Northville District Library
Guidelines for Use of the Library Wireless Network

The Northville District Library offers comprehensive access to wireless enabled devices over the 802.11B, G, N and 802.11AC spectrums. The 802.11A spectrum is not supported. Wireless access is available ONLY during open business hours.

No login is required to use the Library's wireless system, and no time limit within the hours the library is open. Wireless users must first review and then agree to abide by the Library's **Policy on Internet Access** as presented when logging onto the system. In particular, this policy prohibits using the wireless system to access material that is illegal, obscene, or harmful to minors.

The Library's wireless access points are unsecured connections to the Internet. The Library is not responsible for data transmitted or loss of information over the wireless network. Users should be aware that third parties may be able to obtain information about users' activities when using the wireless service to connect to the Internet. The Library assumes no responsibility for the security and privacy of online transactions.

Wireless users are responsible for the protection of their own devices from viruses, malware and spam. The Library is not responsible for the safety of equipment or for laptop configurations. Access to file sharing services and other illegal activities is strictly forbidden.

How to print from your wireless device using the Wireless system in the Library:

1. Any Internet connected device can be used to print via the Library's public printing system.
2. Instructions for Wireless Printing are outlined on the Library's website at: https://northvillelibrary.org/?page_id=21555 or SERVICES -> COMPUTERS, WIFI & PRINTING -> WIRELESS PRINTING
3. In order to use the print system, you must have a valid Library Card, or use the "Pay as you Go" system. The cost is 10 cents per page for black & white, 50 cents per page for color.
4. The system has a max of $9.00 printing at a time. If your job will require more than $9, it must be split into multiple print jobs.
5. Money can be placed on a library card by following instructions on the Print Release Terminal located in the Copy Room on the Lower Level near the elevator. For assistance, please see the staff at the Reference Desk.
6. The minimum requirement for paying with a credit card is $5.00.
7. The Library is not responsible for any money left on a lost library card.
8. Printouts are retrievable only on the day the print job was sent to the printer: print jobs are not stored and thus not retrievable the next day.
9. Patrons can place low weight bond paper, envelopes and other specialty sized paper into the printer ONLY for their own print jobs (placed in tray MPT1). The Library is not responsible if someone else prints on your paper.
    Any violation of these Guidelines or the Library's Policy on Internet Use may result in loss of library privileges, immediate expulsion from library, and/or contact of local authorities as required. Any attempt to circumvent any aspect of the Library's network and/or computer security will result in immediate loss of privilege.
