A WORD FROM OUR DIRECTOR

**Laura Mancini
Northville District Library Director**

Voters in the two Northville communities overwhelmingly approved the Northville District Library's recent millage renewal in the August election. This renewal will allow the Library to continue to offer the high level of service the residents of our district have come to expect for the next decade.

Over the last two years, the Northville District Library altered and expanded its services to its patrons during a health pandemic that no one could have ever imagined or been prepared for. The Library has been doing its very best to serve our community while managing the complex challenge of complying with a myriad of, and ever-changing, public health and workplace safety mandates, regulations and recommendations. It has not been an easy task. And we wholeheartedly thank you for your patience and understanding throughout the course of implementing multiple safety standards to protect you and our Library staff.

The support of our Library's patrons and the greater Northville community has made all the difference in the world in this effort. The reaffirmation of this support by the renewal of our millage has been truly gratifying. The Library offers its deepest and heartfelt thanks to all of its supporters!

The Northville District Library is now looking towards the future.

We have spent a large part of this year developing a strategic plan to plot the Library's course for the next five years. As an integral part of this process, surveys of our community were conducted online and by telephone.

Your participation was incredibly valuable and we could not be more thrilled by the large number of responses we received. Thank you to everyone that participated. Your feedback will be incorporated into the final planning document, which will be released later this fall, and will be featured in the next issue of this newsletter.

The next chapter of the NDL promises to be an exciting one! Together, we are improving the Library and we cannot wait to share it with you!

Sincerely,

Laura Mancini
